Troop 318 is Moving to BAND

Our new communications platform launches June 1, 2026

A Farewell to League Lineup

For more than a decade, League Lineup has been our home for troop announcements, event reminders, and member communications. Unfortunately, League Lineup is shutting down, and the time has come for Troop 318 to move forward with a modern communications solution.

Effective **June 1, 2026**, all official Troop 318 communications and event sign-up will be conducted through **BAND**.

Why BAND?

BAND is a free, purpose-built group communications platform designed for organizations like ours. Here is why we chose it:

- **App-Based & Always Available** — BAND is a full-featured mobile app for iPhone and Android, so important troop updates are always right on your phone. A desktop web version is also available.
- **Youth-Friendly (Under 13 Supported)** — BAND is designed to be COPPA-compliant and supports members under the age of 13, making it a safe and appropriate platform for all of our Scouts.
- **Organized & Easy to Navigate** — Messages, events, and photos are all organized in one place, making it easy to stay informed and never miss a deadline or outing.
- **Private & Controlled** — Our BAND group is invitation-only. Only approved members can see posts, ensuring the privacy and security of our troop community.
- **No Cost** — BAND is completely free for all members.

How to Join Troop 318 on BAND
